13 December 2020

Mikhaël Presley Kibinda-Moukengue,
Senegal

ADMISSION LETTER

Dear Mikhaël,

Congratulations on your admission to the African Masters in Machine Intelligence (AMMI) program and welcome to the African Institute for Mathematical Sciences (AIMS)! You have been accepted for the academic year 2020-2021 starting on January 18th 2021 at AIMS Senegal.

The current COVID-19 situation has brought a certain level of complexity that has forced us to postpone the academic year start as stated above.

The AMMI program is a flagship program in Machine Learning in Africa where world-class lecturers together with personal mentors and expert in the field will deliver to you high quality machine learning education for the next 12 months.

After a thorough selection of the best students for AMMI cohort for this academic year, we are delighted to have selected you and believe it will be of great success, as you follow in the footsteps of the outstanding past cohort currently interning or in residency at MILA, IVADO, Vector Institute, Qualcomm, Google, Facebook, among others.

Your acceptance to the AMMI program includes a full scholarship, thanks to our sponsors Facebook and Google, to cover for your meals, transportation, health insurance, stipend, and housing for the duration of your stay at the African Institute for Mathematical Sciences (AIMS) located at Km 2 route de Joal (Centre IRD Mbour) in Mbour, Senegal.

At AMMI, we gather an international set of students who build strong ties based on academic excellence and intellectual growth, and have the common commitment to contribute to the future of machine learning in Africa.

Again congratulations and welcome to AIMS-Senegal!

Prof. Franck Kalala Mutombo,
Academic Manager - Senegal
African Institute for Mathematical Sciences (AIMS)
